

Mother's Advice

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.

When a young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time aid nature a little and prepare the young system for the coming change by using

Lydia E. Pinkham's Vegetable Compound.

Case of a Young Girl, of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM:—I feel it my duty to write you these few lines thanking you for what you have done for me. I was in a terrible condition, could not eat or sleep, had no strength, felt tired all the time. I had such a bad color that my mother was very much worried about me. Also suffered with headache, backache, pains all over. Menstruation was very irregular and scanty, and had such bearing-down pains. I have taken both the Vegetable Compound and Blood Purifier, and now I am a well girl. I cannot be grateful enough for what Lydia E. Pinkham's remedies have done for me. I would advise all who suffer as I did to write to you for advice.—Miss KATIE C. CONNOR, 102 S. Franklin St., Wilmington, Del."

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist asks you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as Lydia E. Pinkham's Vegetable Compound; so do not experiment with untried medicines, but insist upon the one you know is best.

HAPPENINGS IN ILLINOIS CITIES AND TOWNS.

DRIVERS' STRIKE SHUTS OUT MINERS

Mule Handlers in Belleville District Refuse to Accept Scale Adopted Last Week.

Seventy-five miners, employing from 25 to 500 men each, were shut down in the Belleville district yesterday by a strike of the mule drivers in the mines.

The drivers refused to accept the scale agreed upon by the joint committees of the operators and the miners at Springfield, Ill., last week.

The drivers in the Belleville district have been receiving \$3 a day for their work. This has been in excess of the scale, which only called for \$2.50 a day. This year's scale was reduced to \$2.40 a day, which the operators are willing to pay. They assert that they will not work for less than \$3 a day, the wages they received last year.

The operators say that they cannot afford to pay the \$3 wage scale and offer to pay the scale fixed at the Springfield conference. The operators say that they paid \$3 a day last year and previously in order to get good drivers, and now there are plenty of good drivers, and the profits are so much smaller that they are forced to cut the wages down to the scale.

The drivers made their demands in the various mines yesterday morning, after which they departed.

The drivers carry away the coal as fast as it is taken out by the miners, who cannot work unless their coal pile is kept clear.

Cripple Carried Stolen Pistol. Frank Delaney, who has only one leg, was arrested in Belleville yesterday on a charge of carrying concealed weapons.

He was held to the Grand Jury under \$500 bond by Police Magistrate John A. Bode. The revolver which he carried was stolen from the desk of Superintendent Lattimer of the Metropolitan Life Insurance Company last Sunday night. It is charged that Delaney told the police that he found the weapon in an alley.

SHAVES TO COST FIFTEEN CENTS.

East St. Louis Barbers Decide on Fifty Per Cent Increase, Taking Effect May 1.

On and after May 1 shaves in East St. Louis will cost 15 cents instead of 10 cents, which is the prevailing price. The raise of 5 cents was decided upon at a recent meeting of the East St. Louis Barbers' Association.

Several of the boss barbers stated yesterday that the raise in the price of a shave will not be a hardship on the majority of the men, as they have been in the habit of paying an extra nickel for a neck shave. The 15-cent shave, it was stated yesterday, will include the neck shave if desired.

One of the boss barbers stated that customers in East St. Louis received more attention for their money than anywhere else in the country and that many of the men appreciated this fact and had their necks shaved each week with their faces. It is the work of but a moment to shave the neck and the extra nickel which the customer pays is said to be really made part payment for the shaving on the face.

East St. Louis has never had a recent barbers' strike, and the barbers are confident that the new scale will be accepted by the men who will do the shaving for the old price.

MUST NOT BE SECTARIAN. St. Clair Medical Society to Admit Homeopaths and Eclectics.

The St. Clair County Medical Society at its quarterly meeting yesterday voted to admit to membership a graduate of any reputable medical college provided that he is not a sectarian practitioner. This will admit graduates of homeopathic and eclectic schools, providing that they practice as "doctors" and not as "homeopaths" or "eclectics."

The compensation for the county physician and his assistant was discussed, and was declared to be inadequate. The members agreed that the salaries at Belleville and East St. Louis should be raised from \$100 a year to \$120 a year. Efforts are to be made to induce the County Board of Supervisors to make these increases.

An amendment to the constitution was presented providing for monthly instead of quarterly meetings. It will be voted on at a meeting to be held next month.

Officers elected yesterday were: President, Doctor C. H. Starnes; Vice President, Doctor W. E. Watt; Secretary, Doctor C. W. Lattimer; Recording Secretary, Doctor B. H. Parsons; Corresponding Secretary, Doctor C. W. Lattimer; Treasurer, Doctor A. E. Hanson.

They gave their names as Arthur Fischer, Harry and John Wharckamp and Harry Burke. No. 214 North Eleventh street.

They are locked up at the Four Courts, pending an investigation. The harness that they are charged with taking consists of four sets of wagon harness, and is valued at about \$100.

WILL NOT REDUCE TIME SCHEDULE.

Chicago-St. Louis Trains Will Be Operated on the Eight-Hour Basis During Fair Period.

Passenger officials unite in saying that there will be but little if any decrease in the present time schedules of St. Louis trains this year.

While the railroads are all making preparation to handle a large traffic and large orders for new equipment are being placed, it is stated that the question of reducing the present time schedule is not being even discussed.

On the contrary, the officials state that the greatly increased volume of passenger traffic will, if anything, necessitate an increase in the time now allowed between many points.

In regard to the frequently heard statement that the Chicago-St. Louis line will have a time war during the fair period, and that the present time agreement of eight hours will be reduced to seven and even less, R. C. Crane, general agent of the Wabash, states that the report is utterly without foundation.

The present schedule of eight hours between St. Louis and Chicago will undoubtedly be maintained, said Mr. Crane, and there will be no attempt to reduce it. It would be foolish to enter in a time war this year, when we expect to have an enormous amount of traffic on our line. There is no reason for it, and it would be dangerous as well as unnecessary.

WORLD'S FAIR SCHEDULES. Many Fine Trains to Be Put in Service.

Within a few weeks most all of the St. Louis trains without exception will be put in service, and it is expected that in the general effort being made by one road to excel its competitor some magnificent specimens of railway equipment will be seen in St. Louis this year.

The Missouri Pacific will have nine trains each way on the Missouri Pacific and the same number each way on the Iron Mountain to and from St. Louis every day. This will mean three additional trains on these lines.

The play will close with the Pocahontas and John Smith life-saving act.

The operating department of the Wabash has the schedule under consideration and it will be announced soon.
